Manage your tax compliance work with ease

Digita Personal, Business and Trust Tax

Digita Personal, Business and Trust Tax from Thomson Reuters helps you save time on core compliance forms for individuals, partnerships, and trusts. You can easily complete your clients' tax work and never miss a deadline with less data entry, fewer manual errors, and less risk.

Depending on your client base, you can choose to add Business Tax or Trust Tax modules on top of Digita Personal Tax. Take a look at the chart below to see the key functionality of each product at a glance and assess which best suits your needs.
