

GOFILEROOM SYSTEM REQUIREMENTS

	MINIMUM	RECOMMENDED
Processor	Intel or AMD 2 Ghz 64-bit processor	Intel or AMD 64-bit multi-core processor
RAM	2 GB	4 GB or more
Monitor	15" monitor with a resolution of 1024x768	Multiple monitors with a minimum resolution of 1024x768
Operating System	<p>The 32- or 64-bit version of Windows 10, Windows 8.1, Windows 7, Windows Vista, Server 2012 R2, Server 2012 or Server 2008 R2.</p> <p>Note: Microsoft discontinued extended support for Windows Vista on April 11, 2017. We will end formal support of the Vista operating system on July 1, 2017.</p>	
Internet Connection	A broadband or persistent, high-speed, wired internet connection is required. We recommend a dedicated, high-speed business class connection.	
Browser	<p>Microsoft Internet Explorer 11 or 9; 32-bit version.</p> <p>NOTE: Microsoft supports only version 11 on Windows 10, 8.1, and 7, and only version 9 on Windows Vista. See Microsoft's End of Internet Explorer Support page for more information.</p>	
Microsoft Office	<p>The 32-bit version of Microsoft Office 2013, 2010 or 2007 is required to take advantage of integration with Office applications.</p> <p>NOTE FOR OFFICE 365 USERS: Our applications integrate with Office 365 when the Office desktop applications are fully installed on the local computer.</p>	
Adobe Acrobat	GoFileRoom requires Adobe® Acrobat® version X or higher (Standard or Professional edition) to take advantage of integration with PDF files.	
Printer	A Windows-supported printer capable of data compression and a minimum 2 MB of memory is required; we recommend 16 MB of memory.	
Scanner	A TWAIN or WIA compliant scanner is required.
