PHOTON ENERGY USES CHECKPOINT WORLD FOR STRATEGIC DECISION MAKING

Photon Energy develops and builds turnkey Greenfield and rooftop photovoltaic solar power plants, and supplies a full range of technology, financing, insurance, monitoring and service works to ensure that investments in PV projects are a success.

The organisation employs sixty staff and has offices in seven countries. It was publicly listed on the NewConnect segment of the Warsaw Stock Exchange in 2008.

Photon Energy was looking to have an internal and reliable source of information on Transfer Pricing and International Tax to assist in their strategic decision making. They became a Checkpoint World client in Sept 2011 and were extremely impressed with the research capabilities and extensive quality content of the product.

They subscribed to the following:

- Transfer Pricing Core Library and Author Commentary – treaties, current awareness and analytical expert commentary
- Global Tax Laws & Treaties of 175 jurisdictions translated into English
- Global Tax Planning Library – treaties, current awareness and analytical expert commentary
- Accounting and Auditing Standards and Current Awareness updates
- OECD Guidelines on Transfer Pricing, Economic Surveys, Tax Conventions and Council Recommendations

CHECKPOINT WORLD

Checkpoint World is designed specifically to meet the research needs of professionals responsible for the cross border transactions of multinational corporations.

Checkpoint World is the first online research service specifically developed for corporate tax professionals looking for a global perspective, with integrated resources for multinational corporate tax departments and their providers.

WHY WE ARE DIFFERENT

Why limit yourself to viewing tax information for one country at a time when you can see the whole world?

Checkpoint World offers a truly global view by providing more than just coverage of individual countries or regions:

- Tax legislation and treaties of 175 jurisdictions translated into English
- Officially licensed content from OECD, IFRS and treaties
- Commentary and analyses from expert authors
- Information & content provided by leading authoritative and reputable information publishers
- Current Awareness news updated multiple times daily on major jurisdictions including: EU, UK, China, India, Hong Kong, US and more
- User friendly research experience

Now you can access tax and accounting information from multiple countries and regions at once, with easy linking to related information across different locations.

THE RESULT?

You'll have the comprehensive insight you need to effectively manage your multinational business.

"Checkpoint World provides us with all the information we need to help us make strategic decisions and that is a good starting point. The more we use it, the smarter we will become."
